

120th CONGRESS

1st Session

H.R. 1

To assert the sovereign authority of the United States within the limits of the enumerated powers of Congress and to terminate all international agreements and memberships in international organizations that obligate federal action beyond those powers.

IN THE HOUSE OF REPRESENTATIVES

January 3, 2027

Mr. _____ (for himself, Mrs. _____, and Mr. _____) introduced the following bill; which was referred to the Committee on Foreign Affairs, and in addition to the Committees on the Judiciary, Appropriations, and Oversight and Accountability, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

A BILL

To assert the sovereign authority of the United States within the limits of the enumerated powers of Congress and to terminate all international agreements and memberships in international organizations that obligate federal action beyond those powers.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Sovereign Autonomy and National Interest Act of 2027”.

SECTION 2. FINDINGS AND DECLARATION OF PURPOSE.

(a) **Findings.**—Congress finds that:

- 1° The United States is a sovereign nation whose constitutional authority arises from the consent of the American people.
- 2° International agreements and memberships in multilateral organizations often impose obligations that extend beyond the powers listed in Article I, Section 8 of the Constitution.
- 3° Federal participation in such agreements may commit national resources, personnel, or regulatory authority in ways that do not align with the limited federal responsibilities authorized by the Constitution.
- 4° Congress holds the power to regulate commerce with foreign nations, define offenses under the law of nations, declare war, and manage federal expenditures, and may therefore determine the extent of federal engagement with foreign entities.

5° Congress may withdraw federal participation from any international agreement or organization when such participation exceeds or conflicts with the enumerated powers.

(b) **Purpose.**—The purpose of this Act is to restore full national autonomy by terminating federal participation in international agreements, treaties, and intergovernmental organizations that require federal action beyond the powers expressly granted to Congress.

SECTION 3. TERMINATION AND REALLOCATION OF FUNDS.

(a) **Prohibition on Appropriations.**—Notwithstanding any prior authorization, treaty, or executive agreement, no federal funds shall be appropriated or expended for the direct or indirect support of any international organization, multilateral fund, or global commitment that is not explicitly authorized by a specific, line-item appropriation in an annual budget Act.

(b) **Mandatory Repatriation of Unspent Balances.**—Within 180 days of the enactment of this Act, the Secretary of the Treasury, in consultation with the Office of Management and Budget (OMB), shall audit all federal accounts associated with international memberships or commitments. All funds currently obligated to these entities that are not required for existing, legally binding bilateral contracts shall be de-obligated and transferred to the National Infrastructure and Domestic Priority Fund, to be expended exclusively on domestic projects authorized by Congress.

(c) **Direct Nexus Requirement.**—Any future federal expenditure involving an international entity must be accompanied by a “Domestic Impact Statement” certifying that the expenditure:

- (1) Directly serves the security of the United States; or
- (2) Facilitates trade under a treaty that has received the advice and consent of the Senate; and
- (3) Provides a measurable, primary benefit to the United States domestic economy.

SECTION 4. PERIODIC CONGRESSIONAL REVIEW AND SUNSET.

(a) **Sunset of International Commitments.**—Any international agreement, mem-

bership in an intergovernmental organization, or funding commitment currently supported by federal funds shall expire 24 months after the date of enactment of this Act, unless such commitment is explicitly re-authorized by an Act of Congress.

(b) **Biennial Congressional Review.**—Every two years, the Secretary of State, in coordination with the heads of all relevant federal agencies, shall submit to Congress a report detailing:

1. All international commitments, memberships, and financial obligations held by the United States;
2. A justification of how each commitment aligns with the enumerated powers under Article I, Section 8 of the Constitution; and
3. A certification of the direct domestic economic or security benefit provided by each commitment.

(c) **Fast-Track Legislative Procedure.**—Upon receipt of the report required by subsection (b), Congress shall consider a joint resolution to re-authorize the listed commitments. Such resolution shall be subject to the expedited procedures established under the Congressional Review Act to ensure a timely vote on the continuation of funding.

SECTION 5. SEVERABILITY.

If any provision of this Act or its application is held invalid, the remainder of the Act and its application to other circumstances shall not be affected.
